

## 2008-09 Annual Procurement Plan (Version 1 – June 2008)

Agency Name: Department of Resources, Energy and Tourism

### Strategic Procurement Outlook

The Department of Resources, Energy and Tourism was established on 3 December 2007. The Department is the key advisor to Government on policy options for Australia's resources, energy and tourism industries. We liaise closely with the private sector, including major corporations and business associations.

This Annual Procurement Plan provides notification of potential opportunities. The procurements in this Plan are based on information available at the time of publication and are subject to revision or cancellation. Information provided is for planning purposes only and not an invitation to bid or a commitment by the Department to purchase the described goods and services.

Procurements are undertaken in accordance with the Commonwealth Procurement Guidelines. The Department publishes all open approaches to market on AusTender and the request documentation is made available for downloading from AusTender.

Where appropriate, the Department's procurement strategy will reflect the Commonwealth policy to develop a coordinated procurement system for the delivery of certain goods and services to Commonwealth departments and agencies.
