

## **ENERGY SECURITY WORKING GROUP (ESWG)**

### **MEETING THREE SYNOPSIS**

ESWG meeting three was a teleconference held on Friday 28 November 2008 and was chaired by Mr Chris Locke (Commonwealth).

#### **MEETING OUTCOMES**

##### **AEMO Timetable and Legal Issues Update**

The group received an update on the transfer of jurisdiction market operator functions to AEMO from the AEMO Working Group. The working group advised the relevant current jurisdiction emergency arrangements will be transferred to AEMO without change and it was on track for the draft gas and electricity legislation to go to SCO by 19 December 2009.

##### **Emergency Arrangements Stock Take and Discussion Paper**

Members approved the final version of the emergency arrangements stocktake. The draft discussion paper was discussed and the group identified some areas to be further developed.

##### **Revised Work Plan**

The group approved the revised work plan, with minor amendments. The work plan will be submitted for approval at MCE SCO's 2 December 2009 meeting and then submitted to MCE for noting at its 12 December 2009 meeting.

Members agreed to next meet in February to approve the final version of the discussion paper.
