Dear Mr Savage

NATIONAL GAS MARKET BULLETIN BOARD CONSULTATION PAPER

The Energy Users' Association of Australia (EUAA) appreciates the opportunity to provide a submission to the Bulletin Board Working Group (BBWG) on the National Gas Market Bulletin Board Consultation Paper.

We look forward to active participation in further development of the Bulletin Board and related initiatives. We see the development of the Bulletin Board as a first step in the development of a more transparent and dynamic, information-based gas market. It is vital that the interests of users are represented in the formulation of the National Gas Market Bulletin Board, and related gas market initiatives.

We also support the extension of this first step into a short-term trading market (STTM) and other developments.

Please contact Mr Jeremy Romanes, Manager - Policy & Regulation (on 03 9898 3900 and/or if you have any questions or comments regarding this submission or any other related matters.

Yours sincerely
