Dear Sir/Madam

**Public Consultation on Response to the Productivity Commission Review
of the Gas Access Regime**

I have pleasure in submitting a response from the Energy Users Association of Australia (EUAA) on the above.

The EUAA is a national association of gas and electricity users – mainly larger business users – and provides input on a large range of gas and electricity matters. The EUAA has over 80 members and this includes many of Australia's largest energy users.

The matter of this public consultation is of significant interest to our members both as gas and electricity users.

Please do not hesitate to contact me if you have any questions about our submission.

Yours sincerely,
